

NO-SHAVE

NOVEMBER

No-Shave November is here!
Join a team today!

Loma Linda University Health is proud to host the 11th Annual No-Shave November in partnership with the San Bernardino Police Department and other local law enforcement agencies. No-Shave November aims to raise cancer awareness and funds to support cancer prevention, research and education. By skipping shaving for the month and donating the cost of grooming products, you help support vital cancer care in our community. Whether you are in uniform or not, everyone can make a difference — together, we stand united against cancer.

Here is how to support the cause:

- Register at **lluh.org/noshave** and join a team!
- Register with a minimum of \$50 toward cancer research.
- When you join a team, you will automatically receive a commemorative challenge coin.
- If you are unable to participate, you can still support by purchasing a \$20 commemorative challenge coin celebrating law enforcement's commitment to cancer research.

**All proceeds benefit cancer care at
Loma Linda University Health.**

All gifts are tax deductible.
