How is AI revolutionizing image analysis in scientific research?

LEARN FROM THE EXPERTS

AI is enabling image analysis with better precision, higher accuracy, less bias and at speeds never dreamed possible.

Join Visiopharm, sponsored by the School of Medicine Associate Dean for Basic Science and Translational Research, Advanced Imaging and Microscopy Core Facility Loma Linda University, to learn more about AI-based Image Analysis and how it can help advance basic science and applications to clinical sciences.

MAY 16, 2023, 1 PM - 2 PM
LLUMC, RESEARCH WING, A586

DRINKS AND SNACKS WILL BE PROVIDED FOR REGISTERED ATTENDEES.

Speaker: Brenna O'Neill,
Technical Application's Specialist,
Visiopharm
